# AirMedia Mobile Apps

Find AirMedia in Apple's <u>app store</u> (iOS) or <u>Google Play</u> (Android).

1. Launch AirMedia to see a list of discovered receivers. Choose the device you'd like to connect to (or enter the URL if you know it). Once you connect to a device, it is saved so you can nd it easily next time you connect.

## Video Push (iOS)

Certain video streaming iOS apps use something called video push. To save battery life, video from your mobile device displays only on the receiving device. Your mobile device will display media controls in place of video content.
